

1. Product ID

TQ-CH-AC

2. Product Name (Website)

Tevion USB-A to USB-C Fast Mobile Charger (65W / 80W / 120W)

3. Product Name (Internal)

A-C Charger

4. Product Category

Mobile Chargers

5. Product Overview

Tevion USB-A to USB-C Fast Mobile Chargers are high-performance charging solutions designed to deliver rapid and reliable power to modern electronic devices. Available in multiple power variants (65W, 80W, and 120W), these chargers support fast charging for smartphones, tablets, and other USB-C enabled devices.

Engineered with advanced safety features and high-quality components, the charger ensures efficient power delivery while protecting devices from electrical faults. Its compact and durable design makes it ideal for everyday use at home, office, or while traveling.

6. Technical Specifications:

| Parameter | Value |
|---------------------|---|
| Input Voltage | 100–240V AC |
| Output Voltage | 5V / 9V / 12V / 15V / 20V (Fast Charging) |
| Output Current | Up to 3A |
| Power Output | 65W / 80W / 120W |
| Frequency | 50-60Hz |
| Output Ports | USB-C Type |
| Cable Type | USB-A to USB-C |
| Charging Technology | Fast Charging / PD / QC Compatible |

7. Key Features

- Available in 65W, 80W, and 120W variants
- Fast charging support for modern USB-C devices
- Stable and efficient power delivery
- Built-in multiple safety protections
- Compact and lightweight design
- Durable cable and connector quality
- Universal voltage compatibility

- Suitable for high-power devices

8. Applications

- Smartphones (USB-C)
- Tablets and iPads (USB-C supported)
- Power banks
- Bluetooth and wireless accessories
- USB-C enabled gadgets
- Home and office charging
- Travel and portable charging solutions

9. Product Variants

65W, 80W, and 120W

10. Packaging Details

(To be defined – box type, quantity per carton, etc.)

11. Certifications

(To be defined – BIS / CE / RoHS etc.)
