

## 1. Product ID

TQ-CH-CC

## 2. Product Name (Website)

Teqvion USB-C to USB-C Fast Mobile Charger (65W / 80W / 120W)

## 3. Product Name (Internal)

C-C Charger

## 4. Product Category

Mobile Chargers

## 5. Product Overview

**Teqvion USB-C to USB-C Fast Mobile Chargers** are high-performance charging solutions designed for fast, efficient, and reliable power delivery to modern USB-C enabled devices. Available in multiple power variants (65W, 80W, and 120W), these chargers support advanced fast charging technologies for smartphones, tablets, laptops, and other compatible electronics.

Built with premium components and intelligent power management, the charger ensures optimal charging speed while protecting devices from overheating, overcurrent, and voltage fluctuations. Its compact, durable, and travel-friendly design makes it ideal for everyday use at home, office, or on the go.

## 6. Technical Specifications

Parameter	Value
Input Voltage	100–240V AC
Output Voltage	5V / 9V / 12V / 15V / 20V (Fast Charging)
Output Current	Up to 5A
Power Output	65W / 80W / 120W
Frequency	50-60Hz
Output Ports	USB-C Type
Cable Type	USB-C to USB-C
Charging Technology	Fast Charging / PD / QC Compatible

## 7. Key Features

- Available in 65W, 80W, and 120W variants
- USB-C to USB-C direct fast charging support
- High-speed charging for laptops, tablets, and smartphones
- Intelligent power distribution and efficiency optimization
- Built-in multiple safety protections (over-voltage, over-current, short circuit, temperature control)

- Compact, lightweight, and travel-friendly design
- Durable cable with reinforced connectors
- Universal voltage compatibility
- Suitable for high-power and professional devices

## **8. Applications**

- Smartphones (USB-C)
- Tablets and iPads (USB-C supported)
- Laptops and ultrabooks (USB-C charging supported)
- Power banks
- Gaming devices and accessories
- Bluetooth and wireless accessories
- USB-C enabled gadgets
- Home, office, and travel charging

## **9. Product Variants**

65W, 80W, and 120W

## **10. Packaging Details**

(To be defined – box type, quantity per carton, etc.)

## **11. Certifications**

(To be defined – BIS / CE / RoHS etc.)
